

### MINE SEARCH AND RESCUE (SAR) STRIKE TEAM/TASK FORCE LEADER

RESOURCE CATEGORY	Search and Rescue
RESOURCE KIND	Personnel
OVERALL FUNCTION	The Mine Search and Rescue (SAR) Strike Team/Task Force Leader provides general leadership, direct supervision, wellness, and safety of the team, team members, and other single resources
COMPOSITION AND ORDERING SPECIFICATIONS	1. This position can be ordered as a single resource or in conjunction with a NIMS typed team (Mine Search and Rescue Team). 2. Discuss logistics for deploying this position, such as working conditions, length of deployment, security, lodging, transportation, and meals, prior to deployment

Each type of resource builds on the qualifications of the type below it. For example, Type 1 qualifications include the qualifications in Type 2, plus an increase in capability. Type 1 is the highest qualification level.

COMPONENT	SINGLE TYPE	NOTES
DESCRIPTION	The Mine SAR Strike Team/Task Force Leader: 1. Manages resources within their assigned strike team/task force 2. Reports on the progress of operations and status of resources within the strike team/task force 3. Implements the assigned portion of the Incident Action Plan (IAP) 4. Operates within the Incident Command System (ICS), in a specialized position on the Mine SAR Strike Team/Task Force 5. Operates in environments with and without infrastructure, including those affected by disasters and terrorism; with compromised access to roadways, utilities, and transportation; and with limited availability of shelter, food, and water 6. Provides: a. Safety of self, team members, and operations b. Medical care for self, team members, and survivors c. Simple decontamination of self and members d. Basic ground support capability for helicopter operations 7. Coordinates with ground vehicles, watercraft, and aircraft for support, transportation, and evacuation	Not Specified
