

## FATALITY MANAGEMENT FORENSIC ANTHROPOLOGIST

<b>RESOURCE CATEGORY</b>	Medical and Public Health
<b>RESOURCE KIND</b>	Not Specified
<b>OVERALL FUNCTION</b>	
<b>COMPOSITION AND ORDERING SPECIFICATIONS</b>	1. This position can be ordered as a single resource or in conjunction with a NIMS typed team (Fatality Management Morgue Forensic Team). 2. Discuss logistics for deploying this position, such as security, lodging, transportation, and meals, prior to deployment 3. This position typically works 12 hours per shift, is self-sustainable for 72 hours, and is deployable for up to 14 days

Each type of resource builds on the qualifications of the type below it. For example, Type 1 qualifications include the qualifications in Type 2, plus an increase in capability. Type 1 is the highest qualification level.

COMPONENT	SINGLE TYPE	NOTES
<b>DESCRIPTION</b>	The Fatality Management (FM) Forensic Anthropologist: 1. Oversees the Anthropology function at the temporary morgue and may serve as lead for the Anthropology station 2. Coordinates with the Morgue Forensic Team Leader to determine anthropological requirements and the appropriate methods for examining and documenting findings 3. Determines whether remains are human 4. Provides a biological profile for human remains, including age-at-death, sex determination, estimated living stature, ancestry, unique features, pathologic conditions, bone trauma, medical interventions, or other conditions 5. Assists in the victim identification process through examination of human remains in a variety of conditions 6. Assists in the triage process with the initial documentation and sorting of fragmented or charred human remains located at the temporary morgue site 7. Conducts radiographic comparisons for the positive identification process or turns over information to forensic radiologists 8.
