

## EMERGENCY MEDICAL RESPONDER

TYPE	TYPE 1	NO TYPE 2
DESCRIPTION	<p>The primary focus of the Emergency Medical Responder (EMR) is to initiate immediate lifesaving care to patients who access the emergency medical system. The Emergency Medical Responder possesses education and experience in areas of patient care commensurate with the patient care mission. Additionally, the EMR:</p> <ol style="list-style-type: none"> <li>1. Has the basic knowledge and skills necessary to provide lifesaving interventions while awaiting additional EMS response and to assist higher level personnel at the scene and during transport.</li> <li>2. Functions as part of a comprehensive EMS response, under medical oversight.</li> <li>3. Performs initial triage and basic interventions with minimal equipment.</li> </ol>	Not Applicable
CATEGORY	CRITERIA	CRITERIA
EDUCATION	<p>Completion of state-approved first responder program based on the NHTSA National Standard Curriculum.</p> <p>Recommended: Successful completion of the minimum terminal learning objectives for Emergency Medical Responder as defined by the NHTSA National EMS Education Standard. See Note.</p>	Not Applicable
<p><b>NOTES:</b> The personnel descriptions contained in this document are based upon the guidelines contained in the National EMS Scope of Practice Model document, which can be found at <a href="http://www.ems.gov">www.ems.gov</a>.</p> <p>NHTSA National EMS Education Standards are a component of the EMS Education Agenda for the Future: A System Approach, a comprehensive plan for a national EMS education system. The State equivalent EMRs, EMTs, Advanced EMTs and paramedics are expected to transition to these educational standards as they are implemented. Presently, many states use the title of "First Responder" to indicate an EMR.</p>
