

STRUCTURAL COLLAPSE - SEARCH TECHNICIAN

RESOURCE CATEGORY	Search and Rescue
RESOURCE KIND	Not Specified
OVERALL FUNCTION	
COMPOSITION AND ORDERING SPECIFICATIONS	<ol style="list-style-type: none">1. This position can be ordered as a single resource or in conjunction with a NIMS typed team (Structural Collapse Search Team).2. Logistics for deploying this position (e.g., security, lodging, transportation, meals) must be discussed prior to deployment of this resource.3. Operations in search and rescue environments might be immediately dangerous to life and health (IDLH), per ASTM F2890 Standard Guide for Hazard Awareness for Search and Rescue Personnel. The requesting authority must consider the need for additional recognized capability or endorsements.

Each type of resource builds on the qualifications of the type below it. For example, Type 1 qualifications include the qualifications in Type 2, plus an increase in capability. Type 1 is the highest qualification level.

COMPONENT	TYPE 1	TYPE 2	NOTES
DESCRIPTION	<p>Same as Type 2 PLUS</p> <p>Performs search in structural collapse incidents, including identifying hazards in a collapsed structure defined as Heavy and/or Medium consistently with the UN INSARAG Guideline and Methodology for US&R categories for structures</p>	<p>The Structural Collapse Search Technician is responsible for the following:</p> <ol style="list-style-type: none"> 1. Performs search in structural collapse incidents, including identifying hazards in a collapsed structure defined as Light consistently with the United Nations (UN) International Search and Rescue Advisory Group's (INSARAG) Guideline and Methodology for Urban Search & Rescue (US&R) categories for structures 2. Conducts thermal, optical, acoustical, and audio search 3. Requests rescue and evacuation and recovery resources as needed 4. Performs medical care to include Basic Life Support (BLS) 5. Reports to the Structural Collapse Search Team Leader, if applicable 6. Operates within the Incident Command System (ICS), a specialized position within Structural Collapse Search Team <p>General Functions</p> <ol style="list-style-type: none"> 1. Deploys for up to 14 days, ready to deploy within 24 hours of notification, self-sustaining for 72 hours upon arrival, and works up to 12 hours per shift 2. Provides: <ol style="list-style-type: none"> a. Safety of self and team members and operations b. Medical care of self and team members and subjects c. Simple decontamination of self and team members d. Basic ground support capability for helicopter operations 3. Use of ground vehicles, water vehicles and aircraft for operations and support. 4. Operates in environments with and without infrastructure including those affected by disasters and terrorism; with compromised access to roadways, utilities, transportation, and limited availability of shelter, food, and water 	Not Specified
