

## MINE SEARCH AND RESCUE TECHNICIAN

<b>RESOURCE CATEGORY</b>	Search and Rescue
<b>RESOURCE KIND</b>	Personnel
<b>OVERALL FUNCTION</b>	The Mine Search and Rescue (SAR) Technician performs search, rescue, and recovery in various mine environments
<b>COMPOSITION AND ORDERING SPECIFICATIONS</b>	<ol style="list-style-type: none"> <li>1. This position can be ordered as a single resource or in conjunction with a NIMS typed team (Mine Search and Rescue Team).</li> <li>2. Discuss logistics for deploying this position, such as security, lodging, transportation, and meals, prior to deployment</li> <li>3. This position typically works 12 hours per shift, is self-sustainable for 72 hours, and is deployable for up to 14 days</li> <li>4. The requestor should consider the need for additional recognized capability or endorsement</li> </ol>

Each type of resource builds on the qualifications of the type below it. For example, Type 1 qualifications include the qualifications in Type 2, plus an increase in capability. Type 1 is the highest qualification level.

COMPONENT	TYPE 1	TYPE 2	NOTES
<b>DESCRIPTION</b>	Same as Type 2, PLUS: Performs search, rescue, and recovery in active mine environments, including: <ol style="list-style-type: none"> <li>1. Firefighting and explosion operations</li> <li>2. Bulkhead building and timbering operations</li> <li>3. Post fire/explosion operations</li> </ol>	The Mine SAR Technician: <ol style="list-style-type: none"> <li>1. Performs search, rescue, and recovery in abandoned and inactive mine environments, including:               <ol style="list-style-type: none"> <li>a. Technical rope operations</li> <li>b. Ventilation operations</li> <li>c. Small fire extinguishment operations</li> </ol> </li> <li>2. Works in or around mines with a National Incident Management System (NIMS) typed Canine Search and Rescue Team - Land Live</li> <li>3. Provides first aid</li> <li>4. Reports to a Mine SAR Team Leader, if applicable</li> <li>5. Operates within the Incident Command System (ICS) in an entry level position within a Mine SAR Team</li> <li>6. Operates in environments with and without infrastructure, including those affected by disasters and terrorism; with compromised access to roadways, utilities, and transportation; and with limited availability of shelter, food, and water</li> <li>7. Provides:               <ol style="list-style-type: none"> <li>a. Safety of self and team members</li> <li>b. Basic medical care of self, team members, and survivors</li> <li>c. Simple decontamination of self and team members</li> </ol> </li> <li>8. Basic ground support capability for helicopter operations</li> <li>9. Coordinates with ground vehicles, watercraft, and aircraft for support, transportation, and evacuation</li> </ol>	Not Specified
