Evaluator Verification

(Do not complete this form unless you are recommending the trainee for all-hazards certification.)

FINAL EVALUATOR VERIFICATION

I verify that _____
has successfully completed all tasks as a trainee and should therefore be considered for certification in this position. I also verify that all tasks are documented with appropriate initials.

Position Task Book Overview

The Position Task Book (PTB) documents the performance criteria a trainee must meet to be certified for a position within the National Qualification System (NQS). The performance criteria are associated with core NQS competencies, behaviors and tasks.

A trainee may not work on multiple position type PTBs for a specific position at the same time; for example, a trainee may not simultaneously work on a Type 1 Incident Commander PTB and a Type 2 Incident Commander PTB. If a position has multiple types, the trainee must, in most cases, qualify at the lowest type before pursuing the next higher type. For example, before seeking qualification for a Type 1 position, an individual must first qualify at the Type 3 level and then at the Type 2 level.

Evaluation Process

- Evaluators observe and review a trainee's completion of PTB tasks, initialing and dating each successfully completed task in the PTB.
- Evaluators complete an Evaluation Record Form after each evaluation period by documenting the trainee's performance.
- The Authority Having Jurisdiction (AHJ) may not have enough resources to ensure that every evaluator is qualified in the position being assessed. Therefore, a trainee's supervisor may evaluate the completion of PTB tasks. For example, a Logistics Section Chief has the authority to sign off on completed PTB tasks for a Food Unit Leader trainee.
- The final evaluator is a leader who verifies that a trainee has completed the PTB and met all requirements for the position. A final evaluator is generally qualified in the same position for which the trainee is applying. When possible, the evaluator and the final evaluator should not be the same person, but in situations with limited resources, the evaluator can also serve as the final evaluator.
- Once the final evaluator has completed the Final Evaluator Verification, he/she forwards it to the Qualifications Review Board (QRB) along with supporting evidence that the trainee has completed all position requirements.
- After the QRB review, the AHJ completes the Documentation of Agency Certification form as appropriate.

Transferring Qualifications

- Personnel who have documentation of previous education, training or significant on-the-job incident experience may receive credit toward qualification for a given position. Each AHJ establishes the requirements for transferring qualifications from another AHJ.
- If an AHJ chooses not to accept a trainee's existing certification of qualification, the trainee may be reevaluated in the specific position and issued a new PTB.
- An individual may hold multiple certifications of qualification (that is, the Final Evaluator Verification form and the Documentation of Agency Certification form) along with the completed PTB.

Position Task Book Competencies, Behaviors and Tasks

The PTB sets minimum criteria for certification for a position. The AHJ has the authority to add content to the baseline PTB competencies, behaviors and tasks as necessary.

The PTB covers all type levels for a given position, but an AHJ may check only one “Type” box and work on only one type at a time. (The National Incident Management System (NIMS) Job Title/Position Qualifications document describes all types.)

Command and General Staff job titles/positions qualifications are typed based on incident complexity, while all other NIMS positions are typed based on the minimum qualifications.

Definitions

Competency: An observable, measurable pattern of knowledge, skills, abilities and other characteristics an individual needs to perform an activity and its associated tasks. A competency specifies the skillset a person needs to possess to complete the tasks successfully.

Behavior: An observable work activity or a group of similar tasks necessary to perform the activity.

Task: A specific, demonstrable action necessary for successful performance in a position. Trainees must demonstrate completion of required tasks.

- Occasionally, PTB tasks are unique to one of the types; for example, certain tasks apply only to a Type 3 Incident Commander, not to a Type 2 or Type 1 Incident Commander. In those cases, the PTB indicates the corresponding type at the beginning of the task.
- All tasks require evaluation. Bullet statements within a task are only examples and do not need to be performed to have a task signed off.

PTB Task Codes

For each of the tasks listed in the Position Task Book (PTB), there are one or more codes describing the circumstances in which the trainee can perform tasks related to the position. If a task has multiple codes listed, it means the evaluator can assess the trainee on any of those circumstances as opposed to evaluating the trainee on all of the listed codes.

Code C: Task performed in training or classroom setting, including seminars and workshops.

Code E: Task performed on a full-scale exercise with equipment deployment under the Incident Command System (ICS).

Code F: Task performed during a functional exercise managed under the ICS.

Code I: Task performed on an incident or event managed under ICS. Examples of incidents and events that may employ ICS include but are not limited to an oil spill, search and rescue, hazardous material response, fire and emergency or non-emergency (planned or unplanned) events.

Code J: Task performed as part of day-to-day job duties.

Code T: Task performed during a tabletop exercise.

Code R: Task performed very rarely and required only if applicable to the event. *Note:* Assignment of Code R is not recommended. However, AHJs may add at their discretion to tasks added to NQS PTBs.

How to Complete the Evaluation Record Form

Each Evaluation Record Form (see next page) covers one evaluation period. Evaluation periods may involve incidents, classroom simulations or daily duties, depending on what the PTB recommends. The AHJ determines the number of evaluations required for position qualification and certification. If evaluators need additional evaluation periods, they can copy pages from a blank PTB and attach them to the PTB in question.

Complete these items AT THE START of the evaluation period:

Evaluation Record Number: Label each evaluation record with a number to identify the incident(s), exercise(s) or event(s) during which the trainee completed the PTB tasks. The evaluator should also write this number in the PTB column labeled “Evaluation Record #” for each task performed satisfactorily. This number enables reviewers of the completed PTB to ascertain the evaluators’ qualifications before signing off on the PTB.

Evaluator’s name; Incident/office title and agency: List the name of the evaluator, his/her incident position or office title and the evaluator’s home agency.

Evaluator’s home jurisdiction address and phone: List evaluator’s home jurisdiction address and phone number.

Name and location of incident or simulation/exercise: Identify the name (if applicable) and location where the trainee performed the tasks.

Incident kind: Enter the kind of incident (such as hazmat, law enforcement, wildland fire, structural fire, search and rescue, flood or tornado).

Complete these items AT THE END of the evaluation period:

Number and kind of resources: Enter the number of resources assigned to the incident and their kind (such as team, personnel and equipment) pertinent to the trainee’s PTB.

Evaluation period: Enter inclusive dates of trainee evaluation. This time span may cover several small, similar incidents.

Position type: Enter position type (such as Type 3, Type 2, Type 1 or Single Type).

Recommendation: Check the appropriate line and make comments below regarding the trainee’s future development needs.

Additional recommendations/comments: Provide additional recommendations and comments about trainee, as necessary.

Date: List the current date.

Evaluator’s initials: Initial here to authenticate your recommendations and to allow for comparison with initials in the PTB.

Evaluator’s relevant qualification: List your certification relevant to the trainee position you supervised.

Evaluation Record Form

TRAINEE NAME:
TRAINEE POSITION:
Evaluation Record Number:
Evaluator's name:
Incident/office title and agency:
Evaluator's home jurisdiction address and phone:
Name and location of incident or simulation/exercise:
Incident kind:
Number and kind of resources:
Evaluation period:
Position type:
Recommendation: The above named trainee performed the initialed and dated tasks under my supervision. I recommend the following for this trainee's further development: <input type="checkbox"/> The trainee has successfully performed all required tasks for the position. The AHJ should consider the individual for certification. <input type="checkbox"/> The trainee could not complete certain tasks or needs additional guidance. See comments below. <input type="checkbox"/> Not all tasks were evaluated on this assignment. An additional assignment is needed to complete the evaluation. <input type="checkbox"/> The trainee is severely deficient in the performance of tasks and needs further training prior to additional assignment(s) as a trainee for this position.

Evaluator's initials:
Evaluator's relevant qualification:

HAZARD MITIGATION FLOODPLAIN MANAGEMENT SPECIALIST

1. Competency: Assume position responsibilities

Description: Successfully assume the role of Hazard Mitigation (HM) Floodplain Management Specialist and initiate position activities at the appropriate time according to the following behaviors.

1a. Behavior: Gather, review, and organize disaster-related information for analysis and decision-making

TASK	CODE	EVALUATION RECORD #	EVALUATOR INITIALS AND DATE
1. Attend and participate in internal and external meetings, as assigned: <ul style="list-style-type: none"> ● Post-disaster mapping update meetings ● Flood damage assessment reviews ● Mitigation Assessment Team support and report reviews 	E, F, I, J		
2. Coordinate with stakeholders to identify HM priorities.	E, F, I, J, T		
3. Obtain community demographics from resources to support mitigation opportunities and compliance, especially related to vulnerable populations.	E, F, I, J, T		
4. Obtain Community Information System (CIS) data entry access through the regional point of contact (POC) and perform data entry to compile community data and generate reports.	E, F, I, J		
5. Obtain insurance-related information from HM insurance specialists to identify specific issues related to affected communities: <ul style="list-style-type: none"> ● Community Status Book Report ● Insurance data ● Repetitive loss (RL) data ● Substantial damage ● Group flood insurance policy coverage 	E, F, I, J		
6. Consult with floodplain management staff about ongoing issues and the floodplain management history of communities in designated areas.	E, F, I, J		
7. Coordinate with stakeholders to ensure that floodplain management activities, such as the HM strategy, support the goals and objectives for the disaster.	E, F, I, J, T		

2. Competency: Communicate effectively

Description: Use suitable communication techniques to share relevant information with appropriate personnel on a timely basis to accomplish objectives in a potentially rapidly changing environment.

2a. Behavior: Communicate HM program information

TASK	CODE	EVALUATION RECORD #	EVALUATOR INITIALS AND DATE
8. Demonstrate the ability to work with local, state, tribal, and territorial officials and entities—such as city/county councils, and building officials, in coordination with the Authority Having Jurisdiction (AHJ)—to address floodplain management issues and promote mitigation.	E, F, I, J, T		
9. Participate in community education and outreach activities, including public meetings and workshops, to provide floodplain management information, as assigned.	E, I, J		
10. Respond to inquiries from internal and external partners in a timely manner with accurate information: <ul style="list-style-type: none"> ● Provide latest information on flood hazard in specific area of interest 	E, I, J		
11. Review and provide input for Incident Action Plan (IAP), situation reports, and HM strategy.	C, E, F, I, J		

3. Competency: Ensure completion of assigned actions to meet identified objectives

Description: Identify, analyze, and apply relevant situational information and evaluate actions to complete assignments safely and meet identified objectives. Complete actions within established time frame.

3a. Behavior: Perform floodplain management administrative procedures for HM program

TASK	CODE	EVALUATION RECORD #	EVALUATOR INITIALS AND DATE
12. Help establish baseline conditions on state/community standing with the National Flood Insurance Program (NFIP) in anticipation of forthcoming mitigation assistance: <ul style="list-style-type: none"> ● Perform due diligence on affected community and its standing with NFIP, including existing flood insurance policies, RL, and severe repetitive loss (SRL) structures, adherence to state floodplain ordinances, and Community Rating System (CRS) program participation 	E, F, I, J, T		

3b. Behavior: Implement HM program processes

TASK	CODE	EVALUATION RECORD #	EVALUATOR INITIALS AND DATE
13. Help participating communities identify solutions to post-disaster compliance issues, with special emphasis on RL and substantial damage: <ul style="list-style-type: none"> ● Use information from the baseline conditions to evaluate changes in RL and SRL structure pool ● Review any changes in the latest local, state, tribal, and territorial NFIP policy update and ensure its adoption and application in affected communities ● Establish a policy of consistency for evaluating any incoming substantial damage estimations 	E, F, I, J, T		
14. Assist with onsite inspections: <ul style="list-style-type: none"> ● Compliance issues ● Substantial damage (provide training on the Substantial Damage Estimator tool before site visits, if applicable) 	E, I, J		
15. Provide flood map determinations for stakeholders: <ul style="list-style-type: none"> ● Distinguish the differences between effective (but outdated) flood hazard maps and the best available (but still preliminary) data ● Support collection of additional data to improve floodplain delineations ● Provide accurate information with recommendations for its application 	E, F, I, J, T		

3c. Behavior: Advise and guide on HM program concepts, rules, regulations, and processes

TASK	CODE	EVALUATION RECORD #	EVALUATOR INITIALS AND DATE
------	------	------------------------	-----------------------------------

16. Assess the need for stakeholder training or workshops on floodplain management topics.	E, F, I, J, T		
17. Promote nonparticipating communities' enrollment in NFIP by describing the program's benefits to local, state, tribal, and territorial officials: <ul style="list-style-type: none"> ● Draw information from Federal Emergency Management Agency (FEMA) Community Status Book Report 	E, F, I, J, T		
18. Provide basic technical assistance on floodplain management to internal and external partners: <ul style="list-style-type: none"> ● Complete floodplain determinations for proposed temporary housing sites ● Discuss the best available data and various letters of map revision, in light of possible map changes in near future 	E, F, I, J, T		

3d. Behavior: Advise and provide technical assistance on coastal floodplain management-related activities

TASK	CODE	EVALUATION RECORD #	EVALUATOR INITIALS AND DATE
19. Serve as a resource on coastal zone floodplain management issues, including: <ul style="list-style-type: none"> ● Coastal Barrier Resources Act ● Otherwise Protected Areas ● FEMA Coastal Construction Manual ● Tsunami inundation mapping 	E, F, I, J, T		
20. Coordinate coastal insurance concerns with an HM insurance specialist.	E, F, I, J, T		
21. Provide information on the function and benefits of floodplains and wetlands, and the connection to Executive Order (EO) 11988 and EO 11990.	C, E, F, I, J, T		
22. Recognize critical actions and the higher standards of protection that apply; provide technical advice on implementing critical actions within the framework of existing local floodplain regulations.	E, F, I, J, T		

3e. Behavior: Advise and provide technical assistance on substantial damage floodplain management-related activities

TASK	CODE	EVALUATION RECORD #	EVALUATOR INITIALS AND DATE
23. Help communities determine necessary level of floodplain management support/service in the post- disaster environment: <ul style="list-style-type: none"> ● Review the need to update local ordinances or reevaluate flood risk 	E, F, I, J, T		
24. Compile and process flood damage information and deliver accurate reports to communities; provide follow- up technical assistance as needed.	E, F, I, J, T		

25. Provide communities with technical assistance on general data collection and communication during damage assessment.	E, F, I, J, T		
---	------------------	--	--

3f. Behavior: Analyze program-related data to make recommendations and identify problems

TASK	CODE	EVALUATION RECORD #	EVALUATOR INITIALS AND DATE
26. Monitor compliance with flood damage prevention ordinances for post-flood events, especially in relation to substantial damage; refer issues to immediate supervisor.	E, F, I, J		
27. Assist with loss avoidance studies, if data is available, to quantify savings resulting from adherence to floodplain management ordinances and general NFIP compliance; provide recommendations.	E, F, I, J, T
