

HAZARD MITIGATION PLANNING TEAM

DESCRIPTION	This team provides the technical expertise, experience, and functional management for development of FEMA approvable pre- or post-disaster Hazard Mitigation Plans. This team can directly assist 1-4 communities simultaneously or assist a state in managing Hazard Mitigation Plan development for eligible communities statewide.
RESOURCE CATEGORY	Mitigation
RESOURCE KIND	Team
OVERALL FUNCTION	The Hazard Mitigation Planning Team provides comprehensive mitigation planning assistance to another Hazard Mitigation Planning Team staffed with comparable positions so that a local Hazard Mitigation Planning capability is built and established through the process of real plan development and adoption.
COMPOSITION AND ORDERING SPECIFICATIONS	1. Specific individual personnel resources should be ordered as a separate resource 2. The ordering agency should authorize a planning team comprised of their staff, to match each planning resource personnel 1-to-1 with someone with comparable responsibilities (to carry out and carry on the planning initiatives)

Each type of resource builds on the qualifications of the type below it. For example, Type 1 qualifications include the qualifications in Type 2, plus an increase in capability. Type 1 is the highest qualification level.

COMPONENT	SINGLE TYPE	NOTES
MANAGEMENT AND OVERSIGHT PERSONNEL PER TEAM	1 - National Incident Management System (NIMS) Type 1 Hazard Mitigation Planner	Not Specified
SUPPORT PERSONNEL PER TEAM	1 - NIMS Type 1 or 2 Hazard Mitigation Risk Analyst 1 - NIMS Type 1 Hazard Mitigation Outreach Specialist 1 - NIMS Type 1 Floodplain Management Expert	For large and/or complex incidents, a Type 1 team can order an HM Operations Team or specific single resources from this team to augment capability

NOTES

Nationally typed resources represent the minimum criteria for the associated component and capability.
