

WATERBORNE RESPONSE TEAM

DESCRIPTION	The Waterborne Response Team is a maritime security and response asset that deploys to provide security and protection for ports, boats, facilities, and critical infrastructure located on or near the water. The team also serves as an immediate response element to all maritime threats, disasters, critical incidents, and acts of terrorism.
RESOURCE CATEGORY	Law Enforcement Operations
RESOURCE KIND	Team
OVERALL FUNCTION	The Waterborne Response Team: <ol style="list-style-type: none"> 1. Conducts critical response functions, such as life-saving assistance and rapid impact assessments 2. Secures and contains disaster and critical incident scenes, and areas impacted by Weapons of Mass Destruction (WMD) 3. Provides waterborne security for high-risk maritime tactical operations 4. Conducts search, rescue, and recovery operations
COMPOSITION AND ORDERING SPECIFICATIONS	<ol style="list-style-type: none"> 1. Discuss the following items prior to deployment: <ol style="list-style-type: none"> a. Communications beyond Intra-team communications, such as programmable inter-operable communications with Command, General Staff, the military and other supporting resources b. Presence of contaminated environments and need for related personal protective equipment (PPE), clothing, and equipment c. Security and force protection needed upon arrival d. Logistics support, such as working conditions, length of deployment, security, lodging, transportation, and meals 2. The requestor determines the appropriate number of boats and teams based on operational and mission needs 3. The provider provides transport for personnel and equipment

Each type of resource builds on the qualifications of the type below it. For example, Type 1 qualifications include the qualifications in Type 2, plus an increase in capability. Type 1 is the highest qualification level.

COMPONENT	TYPE 1	TYPE 2	TYPE 3	TYPE 4	NOTES
MINIMUM PERSONNEL PER TEAM	4	3	2	2	Not Specified
MANAGEMENT AND OVERSIGHT PERSONNEL PER TEAM	Same as Type 2	Same as Type 3	Same as Type 4	Same as Type 5	Intended for 12-hour performance capacity. Requestor may add additional Boat Operators based on mission and operational needs.
SUPPORT PERSONNEL PER TEAM	Same as Type 2, PLUS: 1 - NIMS Type Boat Crew Member (LE)	Same as Type 3, PLUS: 1 - NIMS Type Boat Crew Member (LE)	Same as Type 4	1 - NIMS Type Boat Crew Member (LE)	Intended for 12-hour performance capacity. Requestor may add additional crew members based on mission and operational needs.

COMPONENT	TYPE 1	TYPE 2	TYPE 3	TYPE 4	NOTES
OPERATIONS EQUIPMENT PER TEAM	1 - Boat Greater than 30 feet long, with 2 engines, capable of operating in seas up to 8 feet, 40 knots of wind, and speeds greater than 25 knots	1 - Boat Greater than 20 feet long, with 2 engines, capable of operating in seas up to 4 feet, 30 knots of wind, and speeds greater than 25 knots	1 - Boat For operations in water of 18 inches or more	1 - Boat For operations in water of 18 inches or less	<ol style="list-style-type: none"> 1. Requestor may add additional boats and crew to the team based on mission and operational needs. 2. Boats must have ventilation systems in accordance with US Coast Guard (USCG)33 Code of Federal Regulations (CFR) Parts 175 and 183 and 46 CFR Part 25. 3. Boats must have a Backfire Flame Arrestor in accordance with USCG 46 CFR Parts 25 and 58. 4. Boats must have a “Discharge of Oil Prohibited” placard and a system or items to prevent oil or oily waste from discharging into any waters in accordance with USCG 33 CFR Parts 151 and 155. 5. Boats must carry safety equipment in compliance with federal regulations.
ILLUMINATION AND WARNING EQUIPMENT PER BOAT	Same as Type 2	Same as Type 3, PLUS: 1 - Blue light 1 - Siren	Same as Type 4	Same as Type 5, PLUS: 1 - Spotlight	Boats must have navigation lights and sound producing devices in accordance with USCG 33 CFR Part 83.
TOWING EQUIPMENT PER BOAT	Same as Type 2	Same as Type 3	Towline	Not Specified	The Authority Having Jurisdiction (AHJ) determines appropriate mooring and towing lines to fit the boats’ capabilities.
VESSEL PROTECTION EQUIPMENT PER BOAT	Same as Type 2	Same as Type 3	Same as Type 4	2 - Fenders	Personnel should use additional fenders. Use fenders to perform law enforcement missions safely, to come alongside other boats during the transfer of personnel from one boat to another, and to moor.
PERSONAL PROTECTIVE EQUIPMENT (PPE) EQUIPMENT PER TEAM MEMBER	Same as Type 2	Same as Type 3	Same as Type 4	Same as Type 5	PFDs must be in accordance with USCG 33 CFR Part 175.
