## NOTES

---

1. Nationally typed resources represent the minimum criteria for the associated component and capability.
2. Requestor provides all forms, standing orders, office supplies, POD, and clinical supplies needed on-site.
3. Requestor provides additional Information Technology (IT) support equipment, such as Wi-Fi hotspots and printers, as necessary.
4. MCM POD organization and procedures vary widely by jurisdiction. The MCM POD Management Team adheres to local MCM dispensing standards and operating guidelines. MCM POD Management Team staff may fill positions titled differently from their team designations. Team functions include management and coordination of MCM POD intake, screening, inventory management, dispensing, and egress. Local assets or single resources may augment this team if necessary.
