Superseded

COMMENTS

1. Provides support in State and local emergency response efforts by compiling, analyzing, and disseminating traffic-related information that can be used to facilitate the rapid, efficient, and safe evacuation of threatened populations. Primarily operates in the State or local EOC as an extension of ESF #1 - Transportation. The mission of the Evacuation Coordination Team is to provide for the protection of life or property by removing endangered persons and property from potential or actual disaster areas to areas of less danger through the successful execution of evacuation procedures.
2. Note 1: HURREVAC pre-loaded with requesting community clearance times in EVACDATA folder in HURREVAC.
3. Note 2: Access to ETIS (obtain appropriate State password upon arrival from the local EOC); 2 satellite/cell phones.
4. See also Evacuation Liaison Team

NOTES

Nationally typed resources represent the minimum criteria for the associated component and capability.
