

BOMB RESPONSE TEAM

DESCRIPTION	A team of Bomb Technicians investigates suspicious items and renders safe hazardous devices.
RESOURCE CATEGORY	Law Enforcement Operations
RESOURCE KIND	Team with personnel/equipment components
OVERALL FUNCTION	<ol style="list-style-type: none"> 1. Investigates, renders safe, and disposes of suspected hazardous devices, explosives, explosive materials (as the Bureau of Alcohol, Tobacco, Firearms, and Explosives currently defines), pyrotechnics, and ammunition 2. Coordinates investigations with other local, state, and federal partners 3. Conducts bomb crime scene investigations 4. Collects and preserves evidence 5. Provides technical support to special operations, dignitary protection, and special events
COMPOSITION AND ORDERING SPECIFICATIONS	<ol style="list-style-type: none"> 1. Using established protocol, the Bomb Squad having jurisdiction over the incident frequently requests Bomb Teams 2. When a federal agency is the lead agency for the incident, requestor should coordinate assets through that agency 3. Mission needs dictate the desired team type: <ol style="list-style-type: none"> a. The requestor should specify the threat conditions, location, and operational environment b. Requests for resources should occur in direct consultation with the Bomb Squad Commander of the provider c. Only National Incident Management System (NIMS) Type 1 Bomb Response Teams perform diagnostic and render safe procedures in CBRNE events.

Each type of resource builds on the qualifications of the type below it. For example, Type 1 qualifications include the qualifications in Type 2, plus an increase in capability. Type 1 is the highest qualification level.

COMPONENT	TYPE 1	TYPE 2	TYPE 3	NOTES
PERSONNEL PER TEAM MINIMUM	Same as Type 2	Same as Type 3	2	Not Specified
